

Clew — architecture

A trust-first grant agent for small nonprofits · Slack Agent Builder Challenge, “Agent for Good”

The agent proposes → a human approves → a war room + brief materialize → the same SQLite state renders everywhere: shortlist cards, App Home board, morning briefing, and the web board are all views over one table.

Stack: Slack Bolt (Python, async) · Claude Agent SDK (Sonnet 5 / Opus 4.8) · custom MCP server · SQLite · Docker on Railway · Next.js 16 on Vercel · 76 tests
